Details will follow

*Air (new?) in Chapter*

**ECONOMY.** Father Hector Varela, Argentinean, general treasurer, presented the report in the morning. Father Michael Sebastian, an Indian, then led the debate as moderator. The economic situation of the different realities in the world is in substantial balance despite the difficulties faced in recent years, the current pandemic conjuncture and the international crisis due to the war in Ukraine.

**ITALIAN PROVINCE.** In the afternoon it was the turn of Father Giuseppe Pusceddu, provincial superior, who presented the Italian reality in its path of recent years. He highlighted the historical and charismatic value of the Italian Province within the framework of the entire Congregation.

**TRANSLATIONS.** The official languages of the Congregation are Italian (as the original language) and English. The General Chapter organized a simultaneous translation service to facilitate the work. Father Emmanuel Mvomo is in charge of translations from the French language.

**JURISDICTIONS.** The Congregation is divided into jurisdictions: the General jurisdiction is headed by the Superior General; there are three Provinces (Italian, Latin American, Indian and African) and two Delegations (North American and East Asian).

*The Chapter phase dedicated to relations is a moment of considerable involvement of the Capitulars. Information, details of situations, presentation of salient facts and events, analysis of difficulties, are decisive for the development of the assembly towards guidelines and decisions.*
