From Council of Presidency – Rome – 14 July 2022

34th CFIC General Chapter

Communication n. 3

REPORT OF THE SUPERIOR GENERAL.

Fr. Michele Perniola gave today his general report on his six years of mandate in the Congregation. It was a passionate, comprehensive and transparent intervention. The debate will continue tomorrow morning also. The Capitulars expressed their "thank you and compliments" and asked various questions and clarifications for better and to deepen some aspects of recent history. A religious Congregation also faces the challenges of a complex time, but also the trust in Providence that accompanies us in the future.

CHAPTER PROGRAM.

After two days dedicated to the deepening of the three main themes of the Chapter (Founder, Fraternity, Formation), the Chapter Assembly approved the entire program that will end on July 30.

JUSTICE ACCORDING TO TOUSSAINT.

Toussaint Tshingombe, Congolese, from African Province expert in canon law and university professor, brought us his latest book. The title is emblematic "Justice in the Church – Its Organization and Regulation." It is 428 pages on a topic of undoubted relevance in the church. Congratulations to our canonical capitular! ●
